Try it for 30 days for FREE

## A Massive Problem

Millions of SMB leaders are stuck doing HR as a side job—pulling focus from growth. AssistX HR automates 20+ critical tasks so you can get back to running your business, with HR finally running smoothly in the background.

AssistX HR takes on more than twenty critical HR tasks, from job postings and resume screening to onboarding and policy management.

As your needs grow, the same platform will expand to support team and enterprise-level functionality.

# A Smooth HR Transformation

## Easy To Use

No training required - with an intuitive interface, if you can point and click, you can run HR essentials. If you already know HR, this will speed up your workflows up to 50X.

## Proven In Practice

SMBs are already using AssistX HR to simplify hiring and stay compliant. Early customers are building case studies that show measurable time savings and reduced risk and you can too!

## Immediate Value

From day one, save hours on hiring, onboarding, and compliance, and much more. This frees you up to focus on your primary responsibilities and organization's growth.

## Built To Grow

Start with HR essentials. As you grow, AssistX will expand into additional assistants including marketing, finance, sales, and operations with a consistent user experience. Just easy-to-understand workflows and systems.

# Why AssistX HR **Stands Out**

## Platform Advantage

Not just another HR tool - AssistX HR grows with your business, becoming the backbone of how your HR gets done.

## Experienced Team

Built by experts in AI and SMB operations - including HR experts with decades of experience. We know the grind you face, and designed AssistX to remove it.

## Perfect Timing

Businesses everywhere are shifting from simple AI features to full assistants that augment and accelerate your tasks helping you become significantly more productive.

## Efficiency Built-In

Every feature designed for maximum impact with minimal effort so you can effortlessly get more done.

## Compounding Value

The average user can expect to save over 166 hours each year by acceleration their day to day tasks.

# Product Capabilities

## Hiring Support

Find the right people faster - post jobs, proactively screen resumes, and schedule interviews in minutes, not days.

## Compliance Support

Stay compliant automatically - get alerts, reminders, and updated policies without the headaches.

## Onboarding

Send digital welcome packets, automate checklists, assign tasks, and track policy acknowledgments to give every new hire a smooth start.

## Human Control

AI handles the heavy lifting - you stay in charge, with full transparency and oversight keeping a "human-in-the-loop" at all times..

# Savings With AssistX HR

## Time Saved

20+ HR tasks automated - customers can save hours every week that can be reinvested in growth.

## Money Saved

Why pay thousands for an HR staffer when AssistX HR delivers the same support for a fraction of the cost?

\$6,000/mo

\$499/mo
